

Hi everyone!

We are looking forward to a fun Saturday. The weather looks good and the footing is perfect!

Here is the finalized schedule for tomorrow:

Parking is a bit limited. Trailers may park alongside the grass track to your left when you first pull in the driveway, just do not pull too far onto the grass as that is part of our xc area. Upon your departure, you may pull further up the driveway by the barn and turn around on the grass assuming nobody is riding on the grass at that time. I've tried to stagger the xc and sj sessions so the turnaround area is clear.

Cars that may accompany you can park on the street, we have very limited space for car parking.

The indoor arena is available for warming up, we do ask that you are warmed up on the flat and ready to jump before your scheduled clinic time in order for everyone to get the most out of your riding time. You may also warm up outside in either the outdoor arena or grass xc field depending on where the prior group is riding. Each clinic group should meet at the outdoor arena at their scheduled time.

There is a bathroom available for use in the barn, the white door to your immediate right when you first walk in to the main barn entrance.

Anybody who does not already have a JC Eventing waiver on file or did not include it with your entry, please remember to bring a signed copy with you. We do have some blank ones available to sign upon arrival in the event you do not have yours.

Chantel Malin will be offering professional photographs for the clinic. She does require pre-registration to have photos of you taken; the cost is \$50 which includes 5 free digital downloads of your choice as well as the option to purchase any additional photos. Here is a link to her website which has examples of her work as well as her contact information if you'd like to sign up with her: <https://cmcreative.org>

For those hauling in, please be sure to take any manure or trash with you when you leave.

Let me know if there are any questions!

Thank you!

Jamie
